SUMMARY:

I am a Full-Stack developer with knowledge of **Python**, **Django, JavaScript**, **HTML, and CSS**. Experienced in building Full-stack applications both individually and as a team member. Thirteen years of serving in high volume restaurants with an additional eleven years of coaching high school varsity football and track. I am team-oriented, well liked, and willing to dive head first into any new challenge put in front of me. I'm currently seeking a role in which I can help build unique and dynamic websites and face new technical and creative challenges daily that will allow me to continue to grow my skill set as a developer.

TECHNICAL SKILLS:

Programming Languages: Python 3, JavaScript, HTML, CSS
Frameworks: Django, Bootstrap, MySQLite
Version Control and Deployment: Git, Github

PROJECTS:

Favorite Games
Created an app where users can upload their favorite video games and other users on the app can indicate whether that video game is also one of their favorites. - Built with **Python**, **Django**, **SQLite Database**, **HTML**, **CSS, Bootstrap**

PROFESSIONAL/VOLUNTEER EXPERIENCE:

Black Bottle Postern
May 2014 - Present
